Fall Professional Development Program

Professional Development in Internationalization

April 16-20, 2026, Ireland

Our Program Objectives:

The Institute of Study Abroad Ireland has successfully developed long-term and sustainable partnerships with many U.S. Colleges and Universities. We focus on providing programs that are accessible to a wide range of students, and that deliver structured and focused academic learning outcomes compatible with the ethos and goals of the college courses. Topics will include time-lines for programming, ensuring academic excellence, effective methods of collaboration, models for new initiatives and collaborative/consortia projects, program promotion to students, and a successful integration of study abroad goals with the overall goals of the sending institutions. Our seminars are conducted by experienced education professionals from the U.S. and Ireland.
